Technical Data

- Posters are not smaller than 16x20 and not larger than 20x30. Final size is determined by the number of people to appear in the final print.
- You may have up to 470 people on a single 20x30 poster, the more people in the final print the smaller their image becomes.
- If you have more than 470 people you may break the group down and display on several posters
- Basic colors are available for your school name, etc. but a color match guarantee cannot be made.
- If you request names with each image then you must review a proof for any spelling issues. This will add to the delivery time.
- Posters are delivered flat, however we do offer tubes or mounting services, and pricing is available upon request.
- All shipping and handling is additional.
