

online directory

● Our online directory is full featured and easy to navigate. Families simply log onto your school's website and click on the directory link for a seamless experience that integrates into your web page design.

Choose rolodex style, photo or list views to quickly search and sort the many fields of information in a variety of ways. Include students, faculty, staff, campus families and pets for a truly complete and continuously updatable directory.

With our 20 plus years of experience we can have your online directory up and running in less than 24 hours. And we follow government mandated HIPAA standards to protect your information keeping it safe and secure.

Easily manage your data by updating, adding or deleting records and enjoy community building features like automatic birthday reminders each time you log in.

There is nothing to install or download. Upgrades are free and there are no maintenance fees. Pricing is a flat \$8.00 per person* and if you choose to print a directory with us as well take 50% off.

Try it for yourself by visiting:
