

online yearbook order system

- What a drag it is trying to collect all those yearbook orders... put our online order system to work for you...
- It's completely FREE - no setup or credit card transaction fees
- Includes a custom web page for your school
- Families order using a credit card or print the online form and mail along with payment directly to us
- Password protection - create your own unique password to give to families bringing them directly to your order page
- Encourage early ordering with our tiered pricing system - charge your lowest price per book until a specific date, then raise the price until another date and so on or simply keep it the same for the whole ordering season, it's your choice
- Our exciting optional ad feature offers local merchants a unique opportunity to get their message out as your families order their yearbook. A great way to raise money to offset the cost of the published book.
- Provides the power to call up reports which display who ordered sorted by last name, date ordered, homeroom teacher name, or grade.
- Best of all you concentrate on creating the best yearbook ever, while we manage your orders free of charge!
