

winter & spring programs

- **Winter Program**

Receive a **\$250.00** signing bonus for simply scheduling your school pictures to be taken in January, February or March. Our portrait order form and commission structure is the same as in the fall and we deliver beautiful studio portraits to your door in less than two weeks.

- **Spring Program**

Try our spring portrait program which provides variety and value, and can be combined with our fall program or as a stand alone service. It's a great fundraiser and there are many options to choose from including black & white prints and indoor studio portraits.

So, for terrific winter or spring portraits, we encourage you to contact us so we may discuss the programs in greater detail.
